### 2017-18 Tech Center Parking Decals

Students are allowed to drive their personal vehicles to the Tech Center as long as they purchase a Tech Center parking decal. The cost for a Tech Center parking decal is **\$10.00**. Students wishing to drive to their home high schools will need to follow the procedures outlined by their home school administration for securing a parking decal for that school. The regular cost for a home high school parking decal is **\$45.00**; however, Tech Center students intending on driving to both schools will be required to purchase the home school decal for **\$35.00** because they are also purchasing a Tech Center decal. Below is the process for purchasing Tech Center parking decals ***beginning week two of the school year:***

1. Obtain Tech Center vehicle registration and parking guidelines forms from the Tech Center main office.
2. Return the completed Tech Center vehicle registration and parking guidelines forms along with \$10 cash, check, or money order, to the Tech Center main office. (Checks must have: complete address, telephone numbers and a driver's license number in order to be processed.)

When purchasing a home high school decal, inform the person selling the decals that you attend the Tech Center. He/she will verify your standing as a Tech Center student and should only charge **\$35.00** for the home high school decal. All Tech Center students will be issued a receipt of purchase that may also be used to verify that a student purchased a Tech Center decal.

If a student is only driving to his/her home school and not the Tech Center, then he/she will be required to purchase his/her home high school parking decal at the full cost of **\$45.00**. Tech Center parking decals will be sold during the second week of school. Students will be allowed to drive to the Tech Center during the first two weeks of school without penalty.
