

Grading Practices

School: Tallwood High School

Subject(s): Geometry Series

Grade Level: 9-11

Homework

Homework will usually be given daily and will count 10% of the total grade.

Late Work

Assignments that were not turned in on the day they were due will be accepted with 10 % penalty each class day and no more than one week from the date it was due.

Explanation of Zeroes

Zeroes will be entered once the makeup time has expired.

Reassessment

- Students will be allowed to retake test and quizzes if:
 - ✓ They have completed all home and class assignments
 - ✓ Have completed an established remediation process, such as, tutoring from geometry instructor, or made test corrections on original test/quiz.
- The teacher will give a two-week window once tests are returned for retakes.
- New grade will be recorded and old grade discarded.

Make-up Work

- Timely completion of all assignments is required.
- A student that was absent on the day homework, class work, test, or quiz was given will have one week from the day they return to school to complete the missed work.
- If a student does not make up their work within one week from an absence, it will then be considered late work and the late work policy will be used.
- Academic support will be used as necessary to insure assignment completion.

Extra Credit

No extra credit.
